November 30, 2017

Due to the mild fall we have experienced there are still many trees in the Township with leaves on them. This has delayed the fall cleanup for many homes. Therefore, per Township Ordinance # 217-6, I am extending the use of internal combustion leaf blowers until Saturday, December 30th, 2017 with the exception that no internal combustion leaf blowers will be allowed to be used on Monday, December 25th, 2017.

Sincerely,

Rob Bianco
Superintendent of Public Works
Office of Emergency Management Coordinator
