

CDBG PROGRAM YEAR 2025

Montclair Township
Department of Planning and Community Development

October 28, 2024

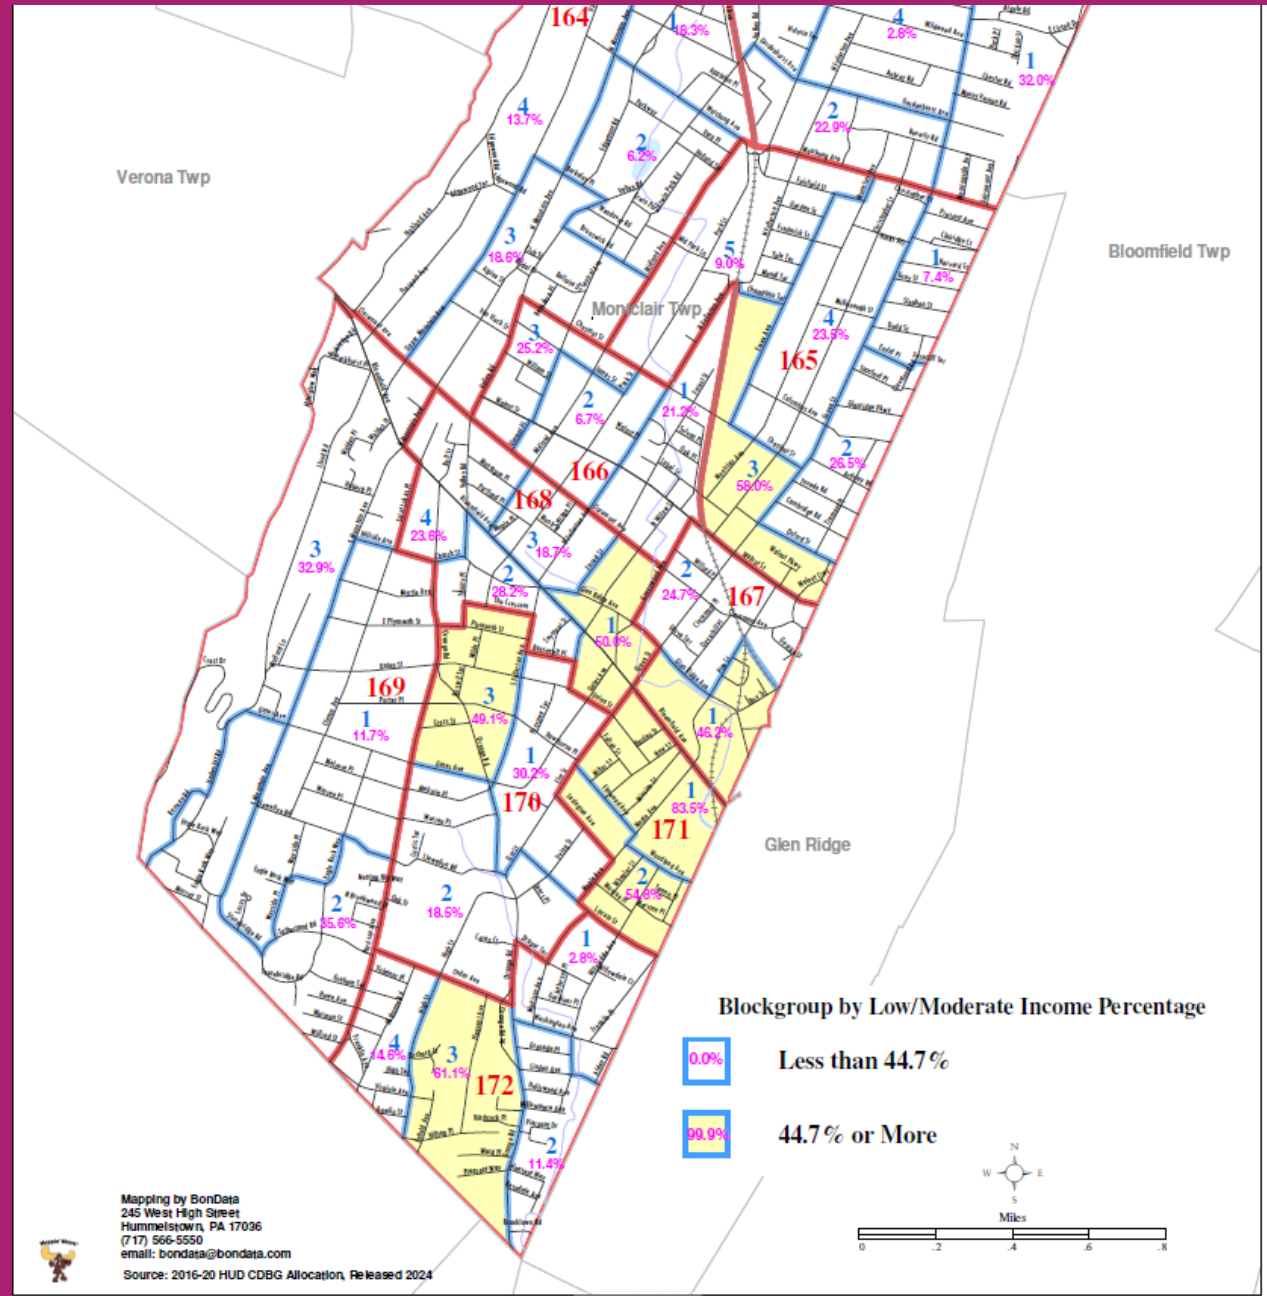

INTRODUCTION

- Part of Essex County CDBG Consortium
- \$300,000 \pm received annually
- Funds largely used for capital projects in eligible areas.
- Some funds are made available to non-profit organizations whose services primarily benefit low- and moderate-income persons.

ELIGIBLE AREAS

- Capital projects must be located in income-eligible areas which are highlighted in yellow.
- Projects that serve special needs populations (i.e. senior citizens and persons with disabilities) can be located anywhere in Montclair.

WHAT TYPE OF PROGRAMS AND PROJECTS ARE ELIGIBLE FOR COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDS?

Project or program principally benefits low and moderate-income persons in designated census tracts. HUD defines low and moderate income as a household that is at or below 80% of the median income for the area. Income guidelines are adjusted annually.

Potential projects or programs include:

1. Acquisition of real property
2. Demolition
3. Infrastructure and public facility improvements
4. Economic development
5. Social services

WHAT DETERMINES IF A PROJECT IS ELIGIBLE FOR CDBG FUNDING?

Every project must:

- (a) be eligible within program regulations and
- (b) meet one of the national objectives.

The project should address one of the Priority Needs that are established in the 5-Year Consolidated Plan. Essex County is preparing a new 5-Year Consolidated Plan for 2025 - 2030.

70% of all funding must satisfy the “Provide a Benefit to Low and Moderate-Income Persons” national objective. A project benefits low-mod persons if at least 51% of the persons or households that benefit from the project have an annual income that is at or below 80% of the Area Median Income (AMI). Different types of projects have specific requirements and may have funding limits.

PUBLIC FACILITIES/INFRASTRUCTURE PROJECTS

Parks, sidewalks, community centers are all examples of eligible public facility projects. Eligibility requirements for park and sidewalk projects include:

- **Low/Mod Service Area.** The area to be served by the project (where people live who will use the facility) must have an overall low/mod population of at least 51%.
- **Residential Area.** The service area must be primarily residential in nature.
- **Public Facilities** are generally defined to be either publicly owned or owned by a non-profit and operated to be open to the public during normal operating hours.
- **Reasonable Fees.** If fees are charged for the use of the facility, they must be reasonable and not have the effect of preventing low/mod individuals from using the facility.
- **Low/Mod Clientele.** 51% or more of the people using the facility must be low/mod (documentation required)
- **Program Income.** Net profits from use of the facility are considered program income and must be reported and possibly returned to the Township's HUD CDBG account.

RECENT PROJECTS

PUBLIC SERVICES

CDBG funds can be used to fund services provided by non-profit organizations for programs that benefit low/mod individuals.

- Not Supplanting Other Funds. CDBG funds cannot be substituted for funds that were previously paid by the Township or the State for that same program. For example, if CDBG funds are awarded to a project, any funds awarded to the same program should not be lower than the Township's funding during the previous year.
- New Program/Quantifiable Increase. The non-profit must show that funding is requested for either a new service (such as a new program the non-profit was adding) or for a quantifiable increase in the level of service (such as they are adding a new counselor because of the increase in the number of clients and are asking for more money to cover that salary)
- Funding Cap. HUD limits the funding of public service category projects to 15% of the annual allocation.
- Beneficiaries. 51% or more of the beneficiaries must be from a low/mod household.

RECENT PUBLIC SERVICES

- Family Promise Transitional Housing Services
- MNDC Oasis Youth Empowerment Program
- Oaks Integrated Care Families Empowered Counseling Program
- Sister to Sister of Montclair Mentoring Group
- SOFIA Soar to Success Program
- Brother to Brother Strategic Mentoring Program

WHAT ACTIVITIES GENERALLY CANNOT BE FUNDED USING CDBG FUNDS?

- Assistance for buildings or portions of buildings used for the general conduct of government.
- General local government operating and maintenance expenses.
- Partisan political purposes, including voting registration.
- Equipment purchases (exceptions apply to fire protection equipment).
- New housing construction.
